

Get Work Done Faster and Go Home

Increase your work productivity to get work done faster and always be efficient with MOSARO Office Solutions.

MOSARO Office Solutions allow you to work on your email, documents, spreadsheets, and presentations anywhere, share easily share information with your team, and store your information securely in your own office cloud.

MOSARO empower your people with the latest office apps from Microsoft Office 365 and Google Apps Work that will boost your work productivity and keep your information secured stored on the globally redundant Microsoft / Google office cloud.

Office Apps

Choose from Microsoft Office 365 Apps (Outlook, Skype, Word, Excel, PowerPoint, OneNote, and Publisher) or Google Apps (Google Documents, Sheets, Forms, and Slides). Both built with the latest advancements features in document, spreadsheet, presentation, and publishing and can run on desktop, smartphone and tablet.

Email

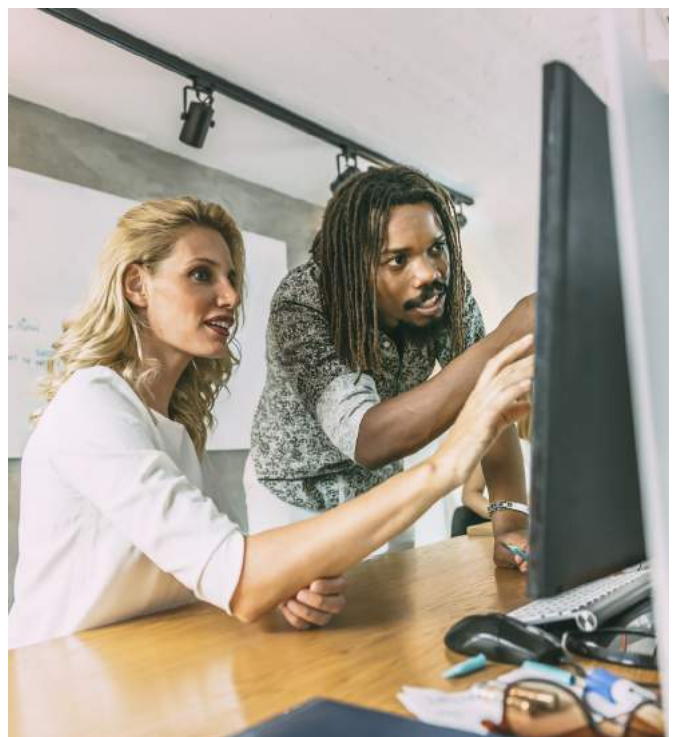

Get business email, contacts and more on your PC, phone, and web browser with Office 365 Outlook or Google Gmail for Business. Take advantage of advanced email features, powered by Microsoft and Google globally redundant mail servers. Stay protected by anti-malware, anti-spam filters and 24/7 IT-level phone support.

Communicate

Connect on the go or create, moderate, and join pre-planned meetings. Communicate using Microsoft Skype or Google Hangeout with real-time presence, instant messaging, audio, video, screen sharing and virtual whiteboards. Let customers participate in your conference calls.

Collaborate

Keep everyone working together, wherever they happen to be. Collaborate with Microsoft Sharepoint/OneDrive/Yammer or Google Team Sites/Drive/Google+ on documents in real time with teammates, share reports with business partners, back up your files to the cloud and connect with customers on the web. Conveniently add, respond to, and track comments so everyone stays in the know.
